

Investing for Success

Snapshot report

Under the Investing for Success Agreement for 2016 Highfields State Secondary College received

\$118 460.00

Our full 2016 agreement can be found at: <insert link to 2016 agreement>

Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Using targeted and focused intervention for students at risk of not achieving NMS (identified through PAT, NAPLAN and achievement data analysis) through focussed literacy and numeracy classes and /or additional in class support.
- Reviewing literacy and numeracy data for specific students every five weeks to develop explicit, data-based strategies for improvement.
- Providing Professional Development for teachers and leaders to build high performing teams.

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Building teacher and teacher aide capacity in the classroom and in the purposeful use of data underpinned by Explicit Instruction (Archer and Hughes).
- Developing a whole school approach to the teaching of literacy (particularly writing) to support the teaching of literacy across all learning areas.
- Refining the HSSC Pedagogical Framework and embed it as the shared language of teaching and learning.
